

MLH FUTURES

HOW THE PROGRAM WORKS

BENEFITS TO THE PRODUCER

- Allow a group of Professionals to market your grain
- Take emotion out of grain marketing with a metered approach
- Cash Contract - no need to manage your own futures account

PRICING WINDOWS

Old Crop 2018 – cash sales of old crop grain will be made for the producer between **1/7/19** through **6/24/19**. There will be three (3) delivery windows: **March, May** and **July** where the producer may be required to deliver grain to the Elevator during any or all of the months.

For Example: a recommendation may come on 2/16/18 to sell 10% of the committed bushels for March 2019 delivery. If the producer does not have the grain in storage at the local elevator, they will be required to deliver the grain during that delivery period to cover the sale that was made by the program.

New Crop 2019 – new crop sales will be made vs December 2019 futures between **1/7/19** and **9/27/19**. These sales will be averaged into one master contract that will be signed by the producer at the completion of the pricing period.

MEET THE COMPANIES

AgResource Company is a research and advisory firm that specializes in Agricultural markets; they're not brokers or traders.

MLH Futures Trading, LLC is a full-service futures brokerage company specializing in agricultural futures and option products.

To find a participating Elevator near you, please contact MLH Futures!
